

DOCKET FILE

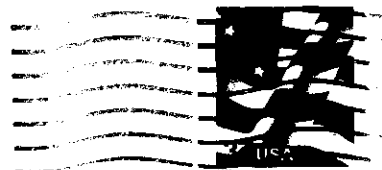

F.C.C.

Please Do Not expand LPFM to take Priority over FM stations like KLOVE - 105.5 K-Love is the only F.M. station that has priority over our Radio Listening for several reasons. 1) its Positive, up lifting attitude sets our Pace & agenda for the Day. Without K Love to listen to daily we would not have a station. K-Love lets us know about all the Christian News we need, Christian Concerts to go to. Christian Needs in the Community. you would not get any of that if K Love was replaced by another station. K-Love changes lives and gets people back on the right track to further their walk with the Lord. DO NOT LET ANOTHER FREQUENCY TAKE PRIORITY OVER KLOVE. 105.5

Thanks again

→ Re: MB Docket No. 04-233

Dear Sir or Madam;

I do not want my regional K-Love radio station replaced by a local FM station, even if it has similar programming. There are already four or five Christian broadcasting stations in Wilmington, but nothing could replace K-LOVE. We listen to it every day.

K-LOVE produces consistent high-quality music and programs. But more than that, they link Christians together throughout the country. They provide a feeling of being joined in a community, both by their news and by calling us to prayer for each other. They are like the Red Cross- a first-response national (or even international) organization bringing together the Christian community in prayer, news, and fellowship. No local station could replace that!

K-LOVE reaches people outside of church hours, people who wouldn't even come to church. They are a help to shut-ins, shift workers, children and teens of non-believing families that are unable to go to church. They uphold character and values like reconciliation, tolerance, and brotherly love that our communities desperately need. They teach that there is value in human beings- in direct opposition to the philosophies that lead to suicide, gang violence, and teen pregnancies and addictions. This radio station is also a refuge for people who don't want to listen to anger-filled rap music, cheatin' country, or obscene popular lyrics. What other radio station can I play for my 5-year-old in the car? K-LOVE is one station we can all agree on.

Forget MTV- we want our K-LOVE!

Re: Comment on MB Docket No. 04-233

Gentlemen:

Please consider this my public comment on the above docket. If you allow the Low Power FM station expansion, stations such as K-Love will be extinct. K-Love comes to me on 105.5, 89.1 and 100.9 in Arizona.

K-Love is a positive, uplifting station that serves the needs of many people throughout the USA and the world. As a resident of this community, I am happy to have a station that gives positive re-enforcement 24 hours a day. K-Love provides positive programming and music to all ages. K-Love also provides a call-in program for people in need, in trouble, or just needing to speak to someone about their problems. I know people who have benefited from this service. I also know that our armed forces all over the world have access to K-Love and it would be horrible to remove this from them especially during this time of war.

If K-Love is displaced by an LPFM station, I think it would be a negative effect on this community for all the listeners. K-Love is used as a learning tool with our youth and young adult groups. K-Love provides an alternative to the music and programs on almost all other stations in our area. Not having K-Love will be a detriment. All ages use this radio station in our community as it is family-friendly.

I donate to the work of K-Love because I believe in what it stands for and what it does in my community. It promotes wholesome values in a world that is struggling, and is positive and encouraging for all. It is in the public interest to keep K-Love on the air and to prohibit additional Low Power FM stations.

Thank you for your consideration of these comments.

To Whom It May Concern:

I am writing on behalf of K-LOVE. My interest in this radio station comes from my belief that myself and the community I live in would suffer, as believers in God, from a lack of Christian alternative music being available. This station has been a part of my life and listening since at least 1983 when it was KCLB. I volunteered in 1984/85 at the radio station that was housed in the Luther Burbank Center in Santa Rosa, California.

It is important for everyone to have a positive alternative station. It has been there for me when I needed support during hard times and has been powerful in my spiritual health. I believe this is true for anyone who stumbles across K-LOVE.

K-LOVE has to keep up and on the air. So many people depend on the work and service provided by the many wonderful people at K-LOVE.

Please allow K-LOVE to continue being available to those in need of their uplifting music and words. They are not only there for those of us who are believers. They are available to those who have nothing left to believe in.

Thank you for your time and consideration.

Sincerely,
Susan F. Hitchcock

RE: LP FM ¹⁰⁻¹⁵⁻²⁰⁰⁴

Dear FCC -

I listen to K-Love Radio on
an FM station in Portland, OR.

K-Love radio music ^{it's} encouraging,
+ positive. It keeps me SANE - It
is the only radio station with
positive lyrics and NO commercials -
(which I can't stand). →

Like taking a vitamin, listening
to K-Love blesses me and I live ^{phone} ~~alone~~.
It helps my mental + emotional health.
I need to hear K-Love everyday!

Secular music drives me crazy.
DON'T take my K-Love away -

K-Love not only helps me - it's
helps millions of people. And offers
HOPE in life in ~~the~~ terrorist times.

If K-Love is displaced - a lot of
people will suffer. The world is bad
enough now ^{And} w/out having K-Love

p.2

there's just gonna be TRASHY,
devil-induced ugly music -
Go pick on some other
radio station NOT K-Love Radio.

thank you -

Olofin J. Lang

Dearest Friend,

10-18-04

I am writing to you in reference to M B Docket No 04-233. I have been aware of a new Broadcast service known as Low Power FM (LPFM). I didn't know this service had been in existence for several years, But the FCC is proposing to expand this service that would allow these New LPFM stations to take priority over the current FM station translator service. The Advocates of LPFM (whomever they are) I think they feel there is no value in the National or regional service that K Love Radio provides for those millions of people citizens of US and beyond. If the proposed changes that these Advocates of LPFM are given until it would be a TRAVESTY OF IMMEASURABLE proportions. K Love Radio Station has

been a very big part of
my life the last 3 years
and has been a significant
factor in my life and has
given me the strength
in heart mind body soul
and spirit to relive my
life after my accident
3 years ago. The Doctors
and Physicians ect. ect. after
and so many others. Tell
me well. I ~~wasn't~~ be
writing this letter. It was
that tragic accident that
made me realize that there
is life after an almost
sentimental death. K Love
has brought me through
the most tragic part of
my life in the whole
program that is ministered
to millions but I am only
one of more people
in the United States or
wherever it (K Love) can be
heard it would make
Then Gods word in music and
everything else they have been

blessed with it would
be such a more Beautiful
world to live in, not
perfect but Everybody who
would take the time to
listen to K Love and what
they do provide as services
would be more understanding
to what this world is all
about. (LOVE) Sure I
believe in God, yes I
was in a near fatal
accident I'm alive and
doing well thanks to

K Love Radio and
their music, ministry, and
all the Christian music artists
and the millions of other people
who listen to K Love

I'm just one person but
if you could look and
see the changes that
occurred after the accident
and now well I think
you would be AMAZED!

IT CHANGES LIFE ON
A DAILY BASIS I'm
PROOF OF that

And if you happened
to be over my way

Dear Sirs:

I am writing in reference to the above docket number. I would appreciate it very much if the K-Love radio stations in my area on 94.7, 94.9 & 105.3 were not taken from the air by the LPFM.

K-Love serves the residents of my community & my family in many ways. It provides up lifting encouraging clean music & programming. I believe this is a benefit to the community versus the trash filthy talk & music heard on many radio stations.

In of Docket No. 04-233

In reference to
"MB Docket No. 04-233"

Dear Sir/Madam,

I listen to an FM
radio station, K-Love. I listened
while living in Montana
and now in California, and
I'd be disappointed to have
it leave the air. In our
world of so much trouble,
it makes my days brighter
and reminds me to have
joy in the midst of all
the bad news I

hear coming through the television. I believe it should remain as a light to others who may be flipping through the stations looking for some positive words. And I am never embarrassed by the words or subject matter that K-Love broadcasts. As you know, it's difficult to find entertainment like this today on radio and television.

Please preserve the FM signal that allows stations such as K-Love to be on the air. Thank you!

FCC

MB Docket No. 04-233

K-LOVE Radio is a very important part of my life - please don't do anything that will jeopardize my ability to receive it in my area.

K-LOVE is a very important part of my local community since it is the only station that broadcasts solely Christian-based music & programs.

K-LOVE is the kind of station that can improve the moral fiber of our young people especially. The music they listen to has a profound influence on behavior by reinforcing solid Christian values.

PLEASE DO NOT allow LPFM stations to take priority over FM translators which could result in K-LOVE being forced off the air. Hundreds of thousands of people listen to this station & many stations

nation-wide just like it. I strongly believe that the service K-LOVE provides is in the public interest here in my Community as well as the many other communities it reaches. Our country is in deep need of more Christian media programming.

Thank you,

Leslie A. Walter

TO: The FCC

From Mario H. Berardo

Reference MB Docket No. 04-233

I received a notice about the FCC has introduced a broadcast service known as Low Power FM. Also, that FCC is now proposing to expand this LP FM service in a way that would allow these new LP FM Stations to take priority over current FM translators. I am very concerned about it because I hear to 89.5 FM K-LOVE every day and I don't want this station OFF the air. This 89.5 FM "K Love" has brought a lot of blessings to me and to my family.

This 89.5 K Love has been blessing many people around the U.S. of America. and has transformed many lives; by leading them to JESUS CHRIST. (The Savior of the world)

RECEIVED

Please, Donot Interpere with 89.5
K-Love Radio Station. You may not
be a believer, but you know how the
situation is right now around the world.
People need JESUS in their lives.

You may be making a lot of money right
now but you have problems too, like any
one else. One day you will be face to
face with your Creator. Please don't
miss the opportunity of helping many people
to reach JESUS, through this wonderful
Radio Station (K-Love) God will bless you
your souls because of this nice decision

Thank you!

Ref: Low Power FM (LTFM) Broadcast Service
MB Docket No.04-233

To Whom It May Concern:

I am writing this comment concerning the above Broadcast Service and the effects that I feel it will have on my radio station. I feel that by expanding this service will allow the new LPFM stations to take priority over current FM translator services in my area and in particular my radio station K-Love heard on 91.1 FM.

K-Love radio serves an important part of my life as well as my families and several of my friends. This radio station not only plays great Christian music but music that is safe and positive for everyone to listen to. We do not have to worry about what kind of music our children are listening to because we know that K-Love will always play good music for everyone.

I feel that the negative effect on our local community would be great if K-Love were to be displaced by an LPFM broadcaster providing other programming. We would not have the control over the types of music played by this station as we do with K-Love radio. Our children would be subjected to music that in our opinion is not safe for anyone to listen to not alone our children or our loved ones.

K-Love plays a great service in our area by playing safe and positive music that is good for all ears to listen to and not to some of the vulgar music played today on other stations.

Please feel free to contact me for any further comments or assistance that I may be for you.

Sincerely,

George A. Nightingale cgs
